PRAIRIE FIRES RAGE.

Thousands of Acres Burned Over In Colorado.

TONS OF HAY WERE DESTROYED.

Town of Corona Would Likely Have Been Destroyed but For Prompt Work. Thousands of Cattle Threatened—Mining Camps May Be Destroyed.

DENVER, Sept. 29.—A prairie fire, probably started by a spark from a locomotive, has burned over thousands of acres of grazing lands between Kiowa and Bijou creeks, in Morgan county, and destroyed thousands of tons of hay. Ranchman W. C. Miller and his wife and child had a narrow escape from being burned to death. The woman and the child were badly burned.

Had it not been for the prompt work of the railroad men and others at Corona, the town would have been entirely destroyed. Thousands of head of cattle are threatened with destruction by the forest fires.

Dispatches from various points in the forest fire belt indicate that the fires are spreading and that unless something is done to check their further progress the loss will be almost beyond computation. As it is now, some mining camps were threatened with destruction and many ranches may be doomed.

At Redcliff the fires are within ten miles of the town and citizens are organizing to fight their advance. A dispatch states that it is feared that the little mining settlement at Holy Cross, near Redcliff, has been destroyed.

AMERICANS RECEIVED.

Members of Peace Commission Welcomed by Delcassee—Breakfast For Them and Spanish Today.

PARIS, Sept. 29.—The American peace commissioners yesterday afternoon assisted at their first formal function in France—their reception by the minister of foreign affairs, M. Delcassee. Through M. Vignaud, who acted as interpreter, M. Delcassee assured the commissioners of the great pleasure experienced by France in the part she has taken in effecting a suspension of hostilities between Spain and the United States.

Judge Day said the United States appreciates the good offices of France and, after M. Delcassee had expressed his pleasures at such recognition of the disinterested action of France, the interview ended and the Americans retired.

The minister of foreign affairs about noon today gave a breakfast at the foreign office to the United States and Spanish commissions. The session of the United States commission yesterday did not result in anything being given out for publication.

AWAITING INSTRUCTIONS.

The Philippine Delegate Made No Arrangements to Call at White House.

WASHINGTON, Sept. 29.—The Philippine delegate, Angoncillo, and his secretary and interpreter, M. Lopez, took no steps in the early part of yesterday toward the execution of the mission on which they came to Washington. Angoncillo said through his interpreter that he had cabled to the home government, asking authority to solicit an interview with the president and requesting full instructions.

Colonel Bryan Was Better.

WASHINGTON, Sept. 29.—Colonel William J. Bryan, although still confined to the home of his friend, C. T. Brice, was able to sit up a short time yesterday. He hoped to be able to be out in two or three days.

Two Ohio Privates Died.

KNOXVILLE, Sept. 29.—Privates Chas. E. Ausmond, Company M, and Joe Goodfrie, Company C, Second Ohio, died in the division hospital at Camp Poland yesterday. They were suffering with typhoid fever.

MONUMENTS DEDICATED.

West Virginians Honored the Memory of Their Dead In Gettysburg Field. Atkinson and Others There.

GETTYSBURG, Pa., Sept. 29.—Four monuments to West Virginia soldiers were dedicated on Gettysburg battlefield yesterday. They are in memory of the Seventh West Virginia, on East Cemetery hill; Battery C First artillery, in the National cemetery; First Cavalry, on the Taneytown road, and the Second cavalry, on Buford avenue. Governor Atkinson of West Virginia was accompanied by his staff, Generals Davis and Curtin, Colonels Horkheimer, Hewitt and Crook and Lieutenant Colonel Simms. With Governor Hastings of Pennsylvania were Colonel Sweeney and Lieutenant Colonels Trexler and Davis.

The governors, with their staffs, and the veterans, were escorted by the Second West Virginia volunteers, under Colonel D. T. E. Casteel, who were

camped on Seminary ridge. In the procession were three battle flags which were carried by the different West Virginia commands during the war. The dedicatory exercises were held at the Seventh West Virginia monument. Prof. J. C. Miller of Morgantown, W. Va., was master of ceremonies. Governor Atkinson made a brilliant address in which he spoke in high terms of the valor of the boys of '61 as well as of the patriotism of the present volunteers. Addresses were also made by General J. W. M. Appleton, Major Isaac Brown, Colonel John C. Kelly of the Seventh West Virginia, and Governor Hastings, who received the monuments in behalf of the battlefield commission.

ST. ANDREW BROTHERHOOD.

Convention of Protestant Episcopal Men Opened In Baltimore—Quiet Hour Exercises.

BALTIMORE, Sept. 29.—The thirteenth annual convention of the Brotherhood of St. Andrew opened with a meeting of the national council yesterday. This was merely a preliminary session to arrange business that will come before the convention proper, which convened in Music hall today.

In the afternoon the quiet hour exercises were conducted in old St. Paul's church by the Rev. Algernon S. Cropsey, rector of St. Andrew's church, Rochester, N. Y. "The Heavenly Vision" was the subject of Mr. Cropsey's remarks.

Last night an informal reception lasting from 8 to 10 p. m. was held in Music hall to enable the delegates to become better acquainted.

CROKER WILL FIGHT IT.

Credentials Committee Decision Would Put Hill In Power—Danforth a Strong Candidate at Syracuse.

SYRACUSE, Sept. 29.—The chaotic condition of the delegations to the state Democratic convention was accentuated by a contest precipitated by the action of the committee on credentials in confirming the sitting delegations in the three districts of Erie and seating the contesting delegates in the First and Third of Monroe. This action, if approved, would probably give control of the next state committee to ex-Senator Hill, and at midnight last night it was alleged that Mr. Croker and Tammany would fight the adoption of the report on the floor of the convention today.

It was also asserted that the Tammany delegates, finding the upstart sentiment strongly against Van Wyck, have thought of taking up Judge D. Cady Herrick of Albany as their candidate, to prevent ex-Senator Hill nominating Mr. Stanchfield and to combat any idea that Hill has defeated Croker. At midnight it was generally conceded that Mr. Danforth will go into the convention with more votes than any other candidate, but not enough to nominate. The Stanchfield boom has grown rapidly.

CRANE FOR GOVERNOR.

Nomination Made by New Jersey Democrats—Action on Chicago Platform.

TRENTON, Sept. 29.—The Democratic state convention yesterday nominated for governor of New Jersey Elvin W. Crane, the prosecutor of Essex county, and adopted a platform which in a measure supports the Democratic national platform. The convention, however, without debate defeated a proposition to specifically endorse the platform adopted by the Chicago convention of 1896.

A delegation of colored men called to pledge support to the convention's nominee.

ONE DEATH AT WIKOFF.

A Number of Sick Carried to Providence Hospitals.

NEW YORK, Sept. 29.—The hospital ship Lewiston yesterday took 90 sick men from Camp Wikoff, to Providence, to be distributed among the various hospitals in that city. She also transported 40 members of the Second and Ninth Massachusetts volunteers. All had been sick, but have recovered and went home on leaves of absence.

There were 225 men in the general hospital yesterday and one death was reported. Harry Weldon of Company K, Second infantry, died from typhoid.

THREE DEATHS OCCURRED.

General Lawton Reported That Many and 1,128 Sick About Santiago.

WASHINGTON, Sept. 29.—General Lawton's report, made to the war department last night, indicated no material change in the health conditions of the American troops at Santiago. Three deaths occurred Tuesday and 1,128 men were reported sick.

To Erect Pavilion Hospital.

WASHINGTON, Sept. 29.—Major General Merriam, commander of the department of the Pacific, last night was given authority by telegraph erect a pavilion hospital of 400 beds on Angel island, near San Francisco.

MILITARY INVESTIGATION.

WASHINGTON, Sept. 29.—The military investigation commission did little of importance yesterday.

FIGHT IN A STREET.

Between Strikers and Imported Negroes at Pana, Ills.

SEVERAL HUNDRED SHOTS FIRED.

Negroes Driven to Their Stockades, Carrying With Them, It Is Believed, a Number of Their Wounded Comrades. One Reported to Have Died.

PANA, Ills., Sept. 29.—Striking union coal miners and imported negroes engaged in a pitched battle in the main street of this city last night. Several hundred shots were exchanged.

No one was wounded in the ranks of the union men. The negroes were driven from the city to their stockades, carrying with them, it is believed, a number of wounded comrades. One of the negroes is reported to have died soon after reaching the stockade. Desultory firing continued in the vicinity of the stockades.

Governor Tanner, it is said, will be asked to send militia to protect property in this city and to remove the negroes.

ALGER GRATIFIED.

Back in Washington and Said the Condition of Camps Was Fairly Satisfactory.

WASHINGTON, Sept. 29.—Secretary Alger has returned to Washington. He came to the war department yesterday morning.

Later, he made a verbal report to the president on the inspection of the army camps which he has just concluded.

On leaving the White House, Secretary Alger said he was much gratified with the conditions of the camps generally. He was gratified especially to find the men in the hospitals steadily improving and that there were so many convalescents, where the odds against them from their maladies had been great. Most of the men in the hospitals, he said, were in good spirits, cheerful and happy and brightly looking forward to the time when they would be well again.

In a general way the camps were kept satisfactorily, but there were, he conceded, points which might have been improved upon, citing particularly the unsatisfactory condition of the sinks at some places.

"The main trouble I found," said Secretary Alger, "was the lack of care the troops took of themselves. This was one of the great difficulties encountered. Tents outside the camps conducted by private enterprise proved too tempting for the soldiers and the results of improper and injudicious eating soon manifested themselves in the general condition of the men. These were things which sometimes could not be helped, and where there was a most rigid discipline along these lines the improved state of affairs was evident."

The secretary said the reforms or changes which might result from his inspection would be discussed later.

Secretary Alger says the report of a scene in General Breckinridge's headquarters at Lexington when he was inspecting that camp is absolutely without foundation. Secretary Alger and Generals Ludington and Sternberg each have letters from General Wiley, who was reported as having made accusations against them, expressing his regret that any such report was circulated.

DEWEY SENT A REPORT.

It Is Intended For the Information of the American Commissioners.

WASHINGTON, Sept. 29.—Along with the report of General Merritt, which is to be made public in a few days, and appendixes on the land battles at Manila, General Greene brought to Washington the report of Admiral Dewey, which is to be sent to Paris for the information of the American peace commissioners, on the political importance of the islands, character of the people and other matters that may properly be regarded as having a bearing upon the disposition of the islands.

Secretary Long, to whom the report was delivered by Assistant Secretary Allen when he came to the department yesterday, said that no one but the president could assume the responsibility of making it public.

DEATH OF BAYARD.

Incurred After Illness of About Six Weeks—Had a Remarkably Notable Career.

DEDHAM, Mass., Sept. 29.—Thomas F. Bayard died about 4:30 o'clock yesterday afternoon at Karlsbad, the summer residence of his daughter, Mrs. Samuel D. Warren, after an illness of six weeks. His death was without pain. His wife, his two daughters—Mrs. Warren and Miss Florence Bayard—and his son, Thomas F., Jr., saw him draw his last breath, and his third daughter, the Countess Laurenhaupt, was on her way to Dedham.

WASHINGON, Sept. 29.—The military investigation commission did little of importance yesterday.

Mr. Bayard had arterio-sclerosis and a general breaking down incident to age.

Thomas Francis Bayard was born in Wilmington, Del., Oct. 29, 1828, and was a younger son. In his 13th year he entered school at Phillips, L. I. Here he remained two years. Later he entered the business of a relative by marriage as clerk.

In 1848 his elder brother died, whereupon, at the request of his parents, he returned to Wilmington, where he studied law. He was admitted to the bar in 1851 and began practice with his father, and was successful from the beginning, his local fame spreading rapidly. In 1853 he was appointed United States district attorney for Delaware, but resigned in the

following year. In 1855 Mr. Bayard removed to Philadelphia, where he formed a legal partnership with William Shippen. When his partner died, about five years afterward, he returned to Wilmington.

With the first mutterings of war of the rebellion the people of Wilmington set about establishing means of self protection. A militia company was organized and Thomas F. Bayard was elected its first lieutenant. In June, 1861, the famous peace meeting of citizens was held at Dover, and Lieutenant Bayard was one of the principal speakers. He denounced the war.

In 1863 he was elected to succeed his father in the United States senate and was subsequently twice re-elected. On the day he was elected to the senate for the full term, his father (who had resigned) was also re-elected a senator from Delaware to serve for the unexpired part of his original term.

Almost at the outset of his senatorial career Mr. Bayard took a leading position on the Democratic side.

Senator Bayard took an active part in the discussions concerning the presidential election of 1860 and was an active advocate and subsequently a member of the electoral commission.

In October, 1860, Senator Bayard was married to Louisa, daughter of Josiah Lee, a Baltimore banker. Twelve children were the result of the union.

In the Democratic national convention in 1860 the vote for him for the presidential nomination was next to that of Hancock on the first ballot, the latter being nominated on the second.

In the Democratic convention of 1864, at which Cleveland was nominated, Mr. Bayard received the next largest vote to the successful candidate on the two ballots that were taken.

He was secretary of state in Cleveland's first presidential cabinet.

At the close of Mr. Cleveland's administration Mr. Bayard returned to private life and his legal profession.

In March, 1883, Mr. Bayard was appointed ambassador to the court of St. James and served during Mr. Cleveland's second term.

Mr. Bayard's first wife died during the first year of his term as secretary of state. Four years later he was married to Miss Mary W. Clymer of Washington, who survives him. Seven of the children are living.

TO ISOLATE THEM.

Members of the Two Hundred and Third New York Expected to Go to a New Camp Today From Camp Meade.

CAMP MEADE, MIDDLETOWN, PA., Sept. 29.—The Two Hundred and Third New York is expected to leave today for its new camp in Conewago hills. The regiment will travel by rail and will be isolated from the other troops until all danger of infecting them with typhoid fever has disappeared. Unless the fever abates in the Fifteenth Minnesota it will also be isolated. There is comparatively little sickness in any of the other regiments.

Private Stanton Williams, Company D, Fourth Missouri, died yesterday at the Second division hospital of peritonitis. Major Jackson of Kansas City returned yesterday from sick leave and assumed charge of this hospital. He relieved Major Weaver of Norristown, who has been appointed chief surgeon of the division. The hospital was placed in splendid condition under the management of Major Weaver.

Masonic services were held yesterday in the Middletown Methodist church over the remains of Private Benjamin De Laurier, Company M, Tenth Ohio, who was struck by lightning and killed Monday evening, while guarding the tent of a military tailor. His body was shipped to Cleveland last evening under an escort of a detail from the regiment.

Three Reported Killed.

SEATTLE, Wash., Sept. 29.—News reached here last night of an explosion of a wagon load of dynamite near New Whatcom. Two men and one boy are reported killed. Several other persons are injured.

Wool Exchange Closed.

NEW YORK, Sept. 29.—No business was transacted on the floor of the wool exchange yesterday. The doors were not opened, as it had been decided by the directors to suspend operations temporarily.

YET AFTER THE TRUST.

Standard's Books to Be Examined In New York.

MONNETT IS TO GO THERE.

The State Attorney General and Attorney Allan T. Brinsmade Expected to Start Today—Alleged That Company Had Disregarded Injunction.

CLEVELAND, Sept. 29.—State Attorney General Monnett, accompanied by Attorney Allan T. Brinsmade of this city, are expected to start for New York today to take testimony in the Standard Oil trust investigation.

Some time ago the supreme court handed down a decision forbidding the Standard Oil company from doing business as a trust.

It is said the company has disregarded the injunction of the court, and Messrs. Monnett and Brinsmade, as master commissioners on the suits brought by the attorney general, will go to New York to investigate the books of the Standard for the purpose of showing that the company is still doing business as a trust.

OHIO BANKERS.

The State Convention Opened at Akron. Addresses Made.

AKRON, Sept. 29.—There was a large attendance at the opening of the sixth annual convention of the Ohio Bankers' association, which opened here yesterday. Dr. Ira Priest, president of Buchtel college, opened the meeting with prayer, and Mayor Young delivered an address of welcome. Hon. J. Sullivan, cashier of the Central National bank of Cleveland, responded.

LAWTON HAS ENOUGH MEN.

He Can Spare Soldiers to Garrison Manzanillo.

WASHINGTON, Sept. 29.—The movement of troops from the United States to Cuba may not be hurried by the evacuation of Manzanillo, on the southern coast, which it was reported would occur on Oct. 6.

A telegram has been received from General Lawton saying that he has three regiments at Santiago, available for garrison duty, and probably one of these will be sent to Manzanillo. Other troops at Santiago will also be used for garrison duty if early evacuations occur.

ALL RIVERMEN PUZZLED

Concerning the Rise Which Came Last Night.

THOUGHT IT WOULD LAST

But It Was Caused by the Raising of the Needles at the Davis Island Dam and Lowering the Water in the Pittsburgh Harbor—No Packets Yet.

Rivermen are acknowledging that once again the river has puzzled them, and they have been the victims of someone's arrangements.

Word reached the city yesterday that water was coming down and in all probability there would be a packet stage. Last night the river rose a foot or more, and this morning there were smiles on the river front. They faded, however, when the facts became known.

Of it a Pittsburgh paper says: "Whence it came was a mystery. Some said it was caused from the heavy rains at headwaters on Saturday. The real reason was that Major Charles F. Powell ordered the removal of the needles from Davis Island dam, so that some repairs could be made at lock No. 1. This of course caused the rise, which amounted to one foot before the needles were replaced. At Davis Island dam last night the height was two feet and falling."

All the floats about the river front have been repaired, and a substantial rise is awaited with impatience. River men will be ready for it when it comes. Packets have not been making regular trips for six weeks.

SERIOUS TROUBLES

Confront the Trustees of Bethany College.

Serious conditions confront Bethany college, one of the oldest institutions in West Virginia. If its failure results the cause will be with the state, which has thus far failed to pay over to the trustees money which was promised two years ago. The board of trustees of the college will meet in Pittsburg next Friday evening, and it hopes by some fine financiering to solve the difficulty and locate a way out of the trouble. Two years ago the state promised Bethany college \$20,000, \$10,000 of which was paid last year. The second half is now due, but it has been refused, on account of the state's fear that certain mortgages will prove useless to West Virginia. The college is in a very bad condition, but its friends think it may yet arrange a way to come out even.

Another matter that will be considered by the trustees tomorrow is that of the selection of a president. This place was vacated recently by Dr. B. C. Hagerman. It is thought his successor will be Doctor Young, of Ann Arbor Divinity college. The school opened for the term last Monday, with 75 students increase over last year's number. A large number of Liverpool boys received their education at Bethany, and are deeply interested in the institution.

PRISON SUNDAY.

Secretary Byers Wants Ministers to Preach Appropriate Sermons.

Secretary Byers, of the state board of charities, is sending out notices to all of the ministers of the state calling attention to the fact that Sunday, Oct. 23, is regarded as prison Sunday. Along with these notices are instructive pamphlets, containing something about crime in the state of Ohio and other states.

The prison Sunday is given up by many of the different ministers of the state to a discussion of the reformation of criminals. It seems by the facts stated in the pamphlet that the reformatory legislation in Ohio has kept abreast and possibly in advance of any other American state.

Services Over the Remains of Private Holloway.

FLORAL TRIBUTES IN PROFUSION

Hundreds of People Assembled This Morning--Three Men Held Until Saturday--A West End Man In Court--All the News of Wellsville.

The funeral services of Private Holloway were held at the Methodist Episcopal church this morning at 9 o'clock. The church was filled, and many stood at the doors.

As the remains were borne into the church the choir sang "Home, Sweet Home." A delegation from the Grand Army and Sons of Veterans were in attendance, while the remains were in the immediate charge of Company E, under command of Lieutenant Hall.

Rev. W. A. Littell read from the scriptures and led in prayer. He was followed by an eloquent and touching address by Rev. N. H. Miller. The casket was draped in the flag, and most beautiful floral designs stood near. A large design was a floral easel from the citizens, through the Sons of Veterans, and a scroll pillow from his Sabbath school class, were the most conspicuous. There were numerous other tributes from private friends. The remains were taken to Flushing on the 11 train, for interment.

Arrested a Man.

Last Saturday night on lower Main street an altercation occurred between James Patterson and Richard Barr. Patterson had his head cut and was otherwise injured. Yesterday Barr was arrested but up until noon today he had not had his hearing.

POWER IN OUR POWDER.

A SHOT FROM A 13 INCH RIFLE SUFFICIENT TO LIFT A BATTLESHIP EIGHT FEET.

"Velocity and pressure," explained the powder mill superintendent, "are the two main requisites in proving powder. The government is very specific in its contracts. It demands that when fired under service conditions in the gun for which it is intended powder must give to the projectile a muzzle velocity of at least a certain number of feet per second without producing a pressure of more than a certain number of tons to the square inch. For modern guns the velocity required varies from 2,000 to 2,300 feet in a second, and the pressure is not allowed to exceed 15 tons to the square inch. In some of our guns of the present day the amount of energy stored up in the powder charge is so tremendous as to be almost incredible. The limit of energy upon the projectile cannot be estimated, so vast are the possibilities."

"For example, I may cite the Oregon's 13 inch rifles. Five hundred and fifty pounds of powder in these guns impart to an 1,100 pound shot a velocity of 2,100 feet per second, and the energy of the projectile is nearly 34,000 foot tons. This power is sufficient to lift such a vessel as the Oregon eight feet out of the water."

"Those screens between the cannon and the breastworks are electric chronographs 100 feet apart from each other and the cannon, and they register the time of the projectile's flight with absolute accuracy."

"And absolute accuracy is—what?"

"The millionth part of a second."—San Francisco Call.

For coroner, John L. Straughn of Lisbon.

THE last news from Manila is encouraging. Germany is endeavoring to shift the responsibility for its meanness on the poor natives.

THERE are a great many reasons why Hon. R. W. Taylor should be returned to congress, but the principal one is found in the fact that he is Republican from start to finish, first, last and all the time.

THE yellow newspapers who were so anxious a few weeks ago for an investigation of the army, are not now so enthusiastic in their chosen course. For once President McKinley has followed their voice.

THE peace commission has but one duty to perform, and that duty is upholding the dignity and rights of the United States. It is expected to be generous, but not foolish. Uncle Sam has gained a step by fighting. It would be folly to relinquish one inch of ground he now possesses.

WHEN the next congress meets it should be made up of men President McKinley can trust, and that means Republicans. There are so many matters of importance to decide that to cripple the administration at this time would be the worst action the American people could take. Support the President.

THE candidacy of Colonel Dick for congress is exciting attention throughout the country, but there is now no reason to believe that he will be defeated in the convention. In addition to being a soldier he has so long been a good Republican that friends are gathering to his standard from every direction. If any man deserves recognition that man is Charley Dick.

SUPPOSE Major Weybrecht should be elected to congress, and the tariff question would come up, would he represent the Eighteenth district on that matter? Would he vote as the majority of his constituents desire? There is nothing to show that he would. He is opposed to a protective tariff, and would cast his ballot with those Democrats who impoverished the country once, and would do it again if opportunity afforded.

gather in Columbian park for the purpose of doing honor to the members of Company E. The attendance should be large, and every man, woman and child who can lay aside the ordinary duties of the day should be present to swell the crowd and cheer the boys who so nobly upheld the honor of the city, although suffering the hardships of a campaign that has had few equals in history.

The general committee have done well in appointing this day of celebration, and the sub-committees have worked long and hard to make it a success. Nothing has been left undone that would add to the comfort and pleasure of the people on this occasion, and it is probable thousands of patriotic citizens will crowd the park, cheering the boys in blue, and in every way showing their appreciation of the heroes of '98.

A HAPPY PARTY

Gathered to Welcome Mr. and Mrs. Will Sebring.

Mr. and Mrs. George E. Sebring last evening gave a reception at their home in Fifth street in honor of Mr. and Mrs. Will Sebring, who have just returned from their wedding trip.

Only the relatives of the bride and groom were present. The dinner was one of the most elaborate ever served in the city. The house was very handsomely and appropriately decorated. Rev. J. H. Norris and wife, of Pittsburgh, were among the guests.

A PRESBYTERIAN GATHERING.

It Will Be Held at the First Church Tonight.

This evening at the First Presbyterian church will be held a social, to which all members of the congregation have been invited.

Great preparations have been made for the event, and a large attendance is anticipated. Refreshments will be served.

NO CAUSE FOR ACTION.

So a Sensational Case Did Not Come to Trial.

The case filed in the court of Squire Hill several days ago against a well known man, for indecent exposure of person, has been dismissed.

The squire, after carefully considering the evidence, did not let the case go to trial, but stated there was no cause for action and marked the case from the docket.

Had a Narrow Escape.

Last evening a young man of this city attempted to board a rapidly moving west bound car. His foot slipped from the step, and he scraped his shins severely, but a passenger who was standing on the rear platform caught him by the coat collar and hauled him aboard the car, or he might have been seriously hurt.

JAMES SHARP AGAIN

He Was Arrested For Being Drunk and Disorderly.

MAY TAKE ANOTHER TRIP

Although Mayor Bough Has Not Yet Given Him a Hearing—He Recently Returned From Canton—Some Other Business in Police Court.

James Sharp, a man about 40 years old, who from time to time has secured much notoriety through the newspapers as a result of his actions, was arrested once again last night. He was brought in by Chief Johnson and a charge of being drunk and disorderly was placed against him.

About 9 o'clock Jim had had enough bad whiskey and other liquors aboard, and when he reached Church alley and Market street, he began to declare himself. This is where the trouble commenced. A telephone message was sent to city hall and Chief Johnson responded. The sight of the officer enraged Jim and there was war. He resisted arrest, and for a time matters began to look desperate. The nippers were put on him, but before any other damage was done the officer pressed several men into service, and at noon today Jim was sleeping off his jag on an iron bed.

Mayor Bough had not given him a hearing at a late hour, but it was learned that Jim was trembling with fear, as the workhouse was pictured in his mind. He was released from Canton but a few weeks ago, and for a time was good. It was the first trouble last night he has had since his return.

Last night a prominent young man boarded a car at Wellsville to come to Liverpool, but the request of a motorman compelled him to come to town on foot. When he got on the car he sat in a seat in front of two prominent young ladies. He asked them if they smoked and they moved to another part of the car. The dude followed them and began to poke them in the back, saying that he didn't want to offend them. When the bridge was reached the motorman threw him off the car, and the ladies ended their journey in peace. It is probable the police will be requested to look after him.

No complaints were filed yesterday, and matters are very quiet in the mayor's court.

Frank Lewis was drunk this morning and shortly before noon he was gathered in by Officer Woods. He was put in the patrol and taken to jail, where he was allowed to sleep his troubles off. He worked at the Dredge.

An old man, too drunk to know anything, was captured at the same time by Officer Bryan. He looks to be 50 years old, has a gray beard and gave his name as Harry Jones, from Wellsville. A worse sight than he never put foot in jail. Both men will be given a hearing this evening.

Where Kentucky Language Runs Out

Baron Cassiers, one of the best known Frenchmen of this city, when he first came here made a trip to Lexington on behalf of a friend of his in Paris who asked him to secure a very fine horse. While in Lexington he was treated most hospitably. Although he did not speak the very best of English, he found himself getting along very handsomely with the Kentuckians. On the afternoon of the first day he inquired of one of his entertainers, "Should I desire to invite the gentleman to drink, how should I say it?"

The enthusiastic Bourbonite replied, "Will you do me the honor, sir, to drink with me, sir?"

"It is very good," replied the baron, "but if the gentleman asked me to drink what should I say?"

"The plan here is to slap him on the back, sir, and say, 'It gives me great pleasure, sir, to drink with you.'"

"It is very good," replied the baron, "but if I am satisfied and don't want to drink any more and wish to decline an offer to drink, what should I say?"

"You are a — fool," replied the astounded Kentuckian. "There is no expression in the English language to cover that idea."—Cincinnati Enquirer.

Saved Life and Name.

The French author Martainville, who began his career toward the close of the last century, is said to have owed the preservation of his life to a witty piece of audacity. He was a royalist and did not hesitate to attack the French revolution and its authorities. Presently, of course, he was summoned to appear before the revolutionary tribunal. The revolutionary tribunals at that time did not hesitate to send everybody to the guillotine who had ventured to attack them.

Martainville expected to go with the rest of the victims. "What is your name?" asked the judge. "Martainville," said the young author. "Martainville!" exclaimed the judge. "You are deceiving us and trying to hide your rank. You are an aristocrat, and your name is De Martainville." "Citizen president," exclaimed the young man, "I am here to be shortened, not to be lengthened! Leave me my name!" A true Frenchman loves a witticism above all things, and the tribunal was so pleased by Martainville's grim response that it spared his life.

Queer Medicines.

The peasant pharmacopoeia of France is wonderful—most wonderful. Wine is an ingredient of every prescription. In fever cases it is always the predominant one. The French peasant's faith in fermented grape juice is truly beautiful.

If his children are stricken with the measles, he gives them beakers of wine, well sweetened with honey and highly spiced with pepper. For a severe cold he administers a quart of red wine and a melted tallow candle mixed.

For scarlet or brain fever he gives eggs, white wine and soot well beaten together. Not all their superstitions are curious. Some are pathetic. A mother, for instance, often buries her dead child with its favorite toy or her own beautiful hair in the coffin, "that it may not feel quite alone."

The land companies heretofore formed by the undersigned have proved very profitable. Pleasant Heights will pay over \$200 for \$25 put in, and East End land \$65 for \$25 paid. It is believed that this company will realize a handsome profit from the investment.

Those who desire to secure stock in the company can do so now on the "ground floor." Information given upon application.

The Laughlin Pottery Company
Will Build
A SPLENDID NEW PLANT

A Tract of Land Has Been Purchased From
the Puritan Company, and Rumor Says
the Factory Will Be Erected In the Near
Future—Five Kilns or More, So the Story
Says, Will Be Its Size.

It is stated upon reliable authority that
a large white ware pottery will soon be
erected in East End.

Recently the Laughlin China company
purchased several acres of ground from
the Puritan Land company, and it is
their intention to erect a modern pot-
tery of not less than five kilns for the
manufacture of fine china.

Plans are now being made for the
plant, and just as soon as the transfer of
the land and all preliminary details can
be arranged work will be commenced.
It is expected that work upon the foun-
dation will be started within the next 10
days, and, if possible, the pottery will be
completed and in operation before the
first of the year.

The pottery will have all modern im-
provements, and when completed will
be one of the finest in the city and will
add greatly to the business interests of
East End.

WORKING A SCHEME

To Make Big Cleveland and Pittsburgh
Profits.

Recently there was a car famine at
Ashtabula, and no one could explain it.

Now it appears that stockholders of
the Pittsburgh, Youngstown & Ashtabula
road, who are stockholders in the Cleve-
land and Pittsburgh road, which runs out
of Cleveland, are partial to the latter
road, and their influence is used to make
what business they can on that road,
and cars are sent there. Why this is
done is said to be on account of a larger
share of profits from the Cleveland and
Pittsburg. The Pittsburgh, Youngstown
& Ashtabula roadbed is understood to
be only leased by the Pennsylvania com-
pany, and the officials have not yet suc-
ceeded in forcing the owners to sell,
which is claimed to be a detriment to
the affairs of the company as regards
dividends.

The information comes from Ash-
tabula.

PRONOUNCED SUCCESS

Was the Sixth Annual Benefit of the
Elks.

The sixth annual benefit of the Elks
given last evening at the Grand was
very largely attended, and was one of
the most successful ever given by the
order.

The attraction was the quaint com-
edian, Willie Collier, in "The Man From
Mexico," and it was one of the best
farce comedies ever seen in the city.
The company was first-class in every
particular, and the audience was kept in
continual good humor from the begin-
ning to the end of the performance.
After the show an informal reception
was held in the Elks' rooms.

A COMMITTEE

From the Red Cross Will Assist To-
morrow.

A committee of ladies from the Red
Cross society under the leadership of
Miss Mollie Hazlett, will assist at the
dinner for Company E tomorrow. The
society's work is not for occasions of
this kind, its object being to look after
the sick, and beyond the work of the
committee it will take no active part as
an organization. An erroneous idea has
been prevalent for several days that the
Red Cross had charge of the dinner.

Bachelor Entertainments.

This evening the Four Jolly Bachelor
Boys will entertain a number of their
friends at the residence of James Swa-
new, 259 Fifth street. An elegant
luncheon will be served at 9:30 o'clock.

Tomorrow afternoon Miss Anna Pugh
will entertain the Bachelor Girls, at her
home in Gas valley. Miss Blanche
Bray, of Beaver, will assist Miss Pugh.

Friends at the Station.

Rev. and Mrs. S. B. Salmon left this
morning for Smithfield, where he will
take up his work as pastor of the Smith-
field circuit of the East Ohio conference
of the Methodist Episcopal church.

A number of friends were at the sta-
tion to wish him success in his new field
of work.

GROWING A GRANDMOTHER.

He was a wee little man, only 3 years
old, but very brave, courageous and un-
complaining, more courageous and un-
complaining than any one knew, for
though he was only a baby he had trials
to bear. The family had gone to a new
country in the far west, the mamma,
this little man, and the sister, a little
older. It was a very new country, very
different from the city in the east
where they had left many friends, rela-
tives and, nearest of all, a dear old
grandmother. The mamma was so busy
in her new home that she had little
time for the babies except to see that
they were clean and well fed. So they
were lonesome, sometimes, as mamma
found out one day in a way that
brought the tears to her eyes.

The little 3-year-old had been very
busy and very quiet making a big hole
in the ground with such earnestness of
purpose that she went to see what was
being done.

The hole was completed when she
reached the spot and in it had been
placed something that she took out and
examined with wondering curiosity. It
was the strangest thing to go into a
hole in the ground—an old daguerreo-
type, a picture of the dear grandmamma
at home.

"Why, baby," exclaimed mamma,
"what are you doing with this?"

"I fought," said the little man with
a quivering lip and all the pent up lone-
liness and homesickness in his voice, "I
fought, maybe, if I planted it annozzer
grandma would grow."—New York
Times.

Premature.

"You've kissed that young squirt
good night and let him go, haven't you,
Stella?" said a weary voice at the top
of the stairway.

There was an awful silence for a
moment, and then in a timid, hesitating
voice the young man in the darkened
hall below responded:

"No, ma'am, but I—I think she's
going to."—Chicago Tribune.

Mr. Green—Now, I'm going to tell
you something, Ethel. Do you know
that last night, at your party, your sis-
ter promised to marry me? I hope you'll
forgive me for taking her away!

Little Ethel—Forgive you, Mr. Green!
Of course I will. Why, that's what the
party was for!—Punch.

IN THE EAST END

The Laughlin Pottery Company
Will Build

A SPLENDID NEW PLANT

A Tract of Land Has Been Purchased From the Puritan Company, and Rumor Says the Factory Will Be Erected In the Near Future--Five Kilas or More, So the Story Says, Will Be Its Size.

It is stated upon reliable authority that a large white ware pottery will soon be erected in East End.

Recently the Laughlin China company purchased several acres of ground from the Puritan Land company, and it is their intention to erect a modern pottery of not less than five kilns for the manufacture of fine china.

Plans are now being made for the plant, and just as soon as the transfer of the land and all preliminary details can be arranged work will be commenced. It is expected that work upon the foundation will be started within the next 10 days, and, if possible, the pottery will be completed and in operation before the first of the year.

The pottery will have all modern improvements, and when completed will be one of the finest in the city and will add greatly to the business interests of East End.

WORKING A SCHEME

To Make Big Cleveland and Pittsburgh Profits.

Recently there was a car famine at Ashtabula, and no one could explain it.

Now it appears that stockholders of the Pittsburgh, Youngstown & Ashtabula road, who are stockholders in the Cleveland and Pittsburgh road, which runs out of Cleveland, are partial to the latter road, and their influence is used to make what business they can on that road, and cars are sent there. Why this is done is said to be on account of a larger share of profits from the Cleveland and Pittsburgh. The Pittsburgh, Youngstown & Ashtabula roadbed is understood to be only leased by the Pennsylvania company, and the officials have not yet succeeded in forcing the owners to sell, which is claimed to be a detriment to the affairs of the company as regards dividends.

The information comes from Ashstabula.

PRONOUNCED SUCCESS

Was the Sixth Annual Benefit of the Elks.

The sixth annual benefit of the Elks given last evening at the Grand was very largely attended, and was one of the most successful ever given by the order.

The attraction was the quaint comedian, Willie Collier, in "The Man From Mexico," and it was one of the best farce comedies ever seen in the city. The company was first-class in every particular, and the audience was kept in continual good humor from the beginning to the end of the performance. After the show an informal reception was held in the Elks' rooms.

A COMMITTEE

From the Red Cross Will Assist Tomorrow.

A committee of ladies from the Red Cross society under the leadership of Miss Mollie Hazlett, will assist at the dinner for Company E tomorrow. The societies' work is not for occasions of this kind, its object being to look after the sick, and beyond the work of the committee it will take no active part as an organization. An erroneous idea has been prevalent for several days that the Red Cross had charge of the dinner.

Bachelor Entertainments.

This evening the Four Jolly Bachelor Boys will entertain a number of their friends at the residence of James Swain, 259 Fifth street. An elegant luncheon will be served at 9:30 o'clock.

Tomorrow afternoon Miss Anna Pugh will entertain the Bachelor Girls, at her home in Gas valley. Miss Blanche Bray, of Beaver, will assist Miss Pugh.

Friends at the Station.

A number of friends were at the station to wish him success in his new field of work.

CIRCULAR LETTER

Has Been Sent Out Regarding the Employment of Children.

A circular letter has been issued by State Inspector of Workshops and Factories Knaub and State School Commissioner Bonebrake regarding the employment of child labor. Under this law boys are compelled to go to school until they are 15 years of age and girls until they shall have reached the age of 16, with the exception of those girls who are employed as domestics.

In the circular letter the Davis law is cited and also an opinion of Attorney General Monnett in the same connection. The power of the district inspectors will be the same as the truant officers of any school district.

The committee have already paid out a considerable amount of money, but cannot yet make a report in that direction. There are still some contributions to be received.

The residents of Third street near the flint mill are now watching for the individual who has persisted in throwing spoiled meat on the river bank.

Tuesday night some one left three spoiled sheep on the bank, and yesterday the odor was terrible. This is not the first time the offense has been committed, and if the person is caught he will be prosecuted to the full extent of law.

NEW APPRAISEMENT

Ordered For the Western Sanitary Ware Pottery.

In the Jefferson county court at Steubenville yesterday, in the case of W. J. Neely against the Western Sanitary Ware company, the former appraiserment was set aside and a new one ordered. James Jarvis, Thomas Tont and Jobey Pierce were appointed appraisers.

Brought About Peace.

This morning Constable Miller was called to settle a family row.

When the officer arrived the man of the house was declaring himself, and threatened to kill the constable if he entered the house. This did not frighten the constable, and he succeeded in quelling the disturbance and making the man agree to behave himself in the future.

Weary of Going to School.

THE SCHOOLS TO CLOSE

But Not Until Early Tomorrow Afternoon.

IN HONOR OF THE SOLDIERS

Teachers Must Put In 180 Days a Year, and There is No Allowance For Extra Holidays—Will Reach Columbian Park on Time.

The public schools of the city will not be closed throughout all of tomorrow in honor of the celebration for Company E, but the children and teachers who desire to go to the park will reach there in time to see much of the sport.

Early in the year the board passed a resolution placing the number of school days at 180. That provides for regular holidays, but there were no arrangements for specials. Should the whole day be taken the teachers would be called upon to bear the expense. That explanation was given by a prominent member of the board today.

As the program at the park does not begin tomorrow until afternoon it was deemed wise to have the children assemble at the schools, and at an early hour dismiss them. Then the majority can witness the carrying out of the program. The hour for dismissal had not been set this morning.

THE COMMITTEE

Makes Some Announcements for Tomorrow's Celebration.

The press committee for tomorrow's celebration desires to say:

All citizens are urged to provide liberally with their baskets for Company E's dinner. Upon their liberality and promptness depends the success of the day. Without plenty of provision a good table cannot be set.

The people have asked for a reception and entertainment for Company E. It is right and proper. The boys deserve it. Their services entitle them to all the recognition we can give them. The committee will give them an entertainment second to none, but it remains with the people to provide the dinner, and it should be done with our citizens' usual liberality.

Baskets must be on the grounds or at Hassey's store, opposite the First National bank, by 10 o'clock. Each basket should have the name and address of the owner attached.

A committee from the Sons of Veterans will be at Hassey's store to receive baskets for Company E's dinner. The baskets must not be later than 10 o'clock. The dinner depends upon the promptness and liberality of the people.

Each member of Company E is instructed to have his gun on the grounds not later than 11:30.

The judges of the horse races will be W. L. Smith, Will Davidson and Smith Fowler. The program will be put through on time.

LETTERS FROM THE EAST.

Captain Palmer Continues to Enjoy Good Health at Manila.

Letters received from Captain Palmer this week say that he is with his regiment at Manila and continues to enjoy good health.

The Tenth is quartered in the city, and although scattered, there is much to do in the way of guard duty to occupy their time. They have many amusing experiences with the natives.

Recently it was reported that the regiment would soon be ordered home, but now the prospects do not seem so bright although there is no definite information on the subject.

Completed Lincoln Avenue.

The work of repairing Lincoln avenue of the damage caused by the heavy rains of several months ago, was completed yesterday afternoon.

The street is now in the best possible condition and will stand more water than ever before.

To be the mother of many children is ranked among nature's chief blessings but when the cares of the busy housewife are added to the trials of frequent motherhood, it is too great a burden for a woman who is not in prime health and condition. Every woman who is called upon to bear the ordeal of bringing many children into the world needs the support and reinforcement of that wonderful strength-promoting "Favorite Prescription" originated by Dr. R. V. Pierce, chief consulting physician of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and one of the most eminent of living specialists in treating the ailments of women.

Mrs. David H. Langley, of Lansing, Morgan Co., Tenn., in a recent letter to Dr. Pierce, writes: "I am now thirty-six years old and have given birth to ten children. Eight only are living. I have twin boys six years old. The same spring after they were born I was confined to my bed all spring and summer with female complaint; had it so badly I could hardly walk around the house without feeling worse. I was restless at night, sleep almost left me, and I was almost a skeleton. I did not call my doctor as I had tried the doctors twice before when I was down with the same trouble, and my husband paid out a great deal for me. I received no lasting benefit; I had almost lost all hope of ever being able to do anything. My husband had to work very hard and I could not even attend to the babies. No one can know the distress of my mind as well as body. Dr. Pierce's Favorite Prescription was the only medicine that seemed to do me any good. After I had taken the first bottle and part of the second, I could sleep well and all my troubles began to get better. I believe I took eight bottles and then I felt like a different person. I gave birth to another baby and my old complaint came back. I began using the 'Favorite Prescription' and was soon relieved and was able to do my work, including the washing."

Mothers would be immensely helped in raising their children strong and healthy by the sound professional advice contained in Dr. Pierce's Common Sense Medical Adviser. This thousand-page book will be sent free for 21 one-cent stamps to pay the cost of mailing only. Address, World's Dispensary Med. Assn., Buffalo, N. Y., or send 31 stamps for a cloth-bound copy.

GREAT GRUMBLERS.

Grumbling Will Cease if East Liverpool People Follow This Citizen's Advice.

When the kidneys are sick they grumble.

You hear them clear through the back. You feel them clear through the body. They grumble when overtaxed.

Know how the kidneys grumble? It's a simple thing; your back will tell you.

Backache is the first grumbling warning.

The kidneys give it and if you heed it not,

Look out for trouble, it will surely come.

Urinary trouble, kidney trouble and many miseries.

Doan's Kidney Pills are made for kidneys only.

They cure every form of kidney ill. The experience of East Liverpool people proves this.

Here's a case in point:

Mrs. Wm. James, who lives at 283 Third street, says: "I was troubled off and on for eight years with a weakness of the back and kidneys, a dull, aching pain across my loins, up under my shoulder blades, and rheumatic pain in my right shoulder. I was very susceptible to changes in the weather, and was so bad at times that I could scarcely stand and support my own weight. The trouble affected my nervous system, causing frequent fluttering of the heart and a shortness of breath. I generally resorted to porous plasters, but the relief was only temporary. I got Doan's Kidney Pills at the W. & W. Pharmacy, and obtained relief almost at once. The symptoms all left, and there was nothing wrong with my kidneys after the treatment. I felt much better and stronger generally."

Doan's Kidney Pills are for sale by all dealers. Prices 50 cents per box. By mail on receipt of price by Foster-Milburn Co., Buffalo, N. Y., sole agents for United States. Remember the name, Doan's and take no other.

UNION LABELS.

It should be a deep-rooted principle of all union workmen and union sympathizers, and particularly those members of the different organizations of East Liverpool, to buy nothing but Union Label goods, in preference to all others. But Not Until Early Tomorrow Afternoon.

IN HONOR OF THE SOLDIERS

Teachers Must Put In 180 Days a Year, and There Is No Allowance For Extra Holidays—Will Reach Columbian Park on Time.

The public schools of the city will not be closed throughout all of tomorrow in honor of the celebration for Company E, but the children and teachers who desire to go to the park will reach there in time to see much of the sport.

Early in the year the board passed a resolution placing the number of school days at 180. That provides for regular holidays, but there were no arrangements for specials. Should the whole day be taken the teachers would be called upon to bear the expense. That explanation was given by a prominent member of the board today.

As the program at the park does not begin tomorrow until afternoon it was deemed wise to have the children assemble at the schools, and at an early hour dismiss them. Then the majority can witness the carrying out of the program. The hour for dismissal had not been set this morning.

THE COMMITTEE

Makes Some Announcements for Tomorrow's Celebration.

The press committee for tomorrow's celebration desires to say:

To be the mother of many children is ranked among nature's chief blessings, but when the cares of the busy housewife are added to the trials of frequent motherhood, it is too great a burden for a woman who is not in prime health and condition. Every woman who is called upon to bear the ordeal of bringing many children into the world needs the support and reinforcement of that wonderful strength-promoting "Favorite Prescription" originated by Dr. R. V. Pierce, chief consulting physician of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and one of the most eminent of living specialists in treating the ailments of women.

Mrs. David H. Langley, of Lancing, Morgan Co., Tenn., in a recent letter to Dr. Pierce, writes: "I am now thirty-six years old and have given birth to ten children. Eight only are living. I have twin boys six years old. The same spring after they were born I was confined to my bed all spring and summer with female complaint; had it so badly I could hardly walk around the house without feeling worse. I was restless at night, sleep almost left me, and was almost a skeleton. I did not call my doctor as I had tried the doctors twice before when I was down with the same trouble, and my husband paid out a great deal for me. I received no lasting benefit; I had almost lost all hope of ever being able to do anything. My husband had to work very hard and I could not even attend to the babies. No one can know the distress of my mind, as well as body. Dr. Pierce's Favorite Prescription was the only medicine that seemed to do me any good. After I had taken the first bottle and part of the second, I could sleep well and all my troubles began to get better. I believe I took eight bottles and then I felt like a different person. I gave birth to another baby and my old complaint came back. I began using the 'Favorite Prescription' and was soon relieved and was able to do my work, including the washing."

Mothers would be immensely helped in raising their children strong and healthy by the sound professional advice contained in Dr. Pierce's Common Sense Medical Adviser. This thousand-page book will be sent free for 21 one-cent stamps to pay the cost of mailing only. Address, World's Dispensary Med. Assn., Buffalo, N. Y., or send 31 stamps for a cloth-bound copy.

GREAT GRUMBLERS.

Grumbling Will Cease if East Liverpool People Follow This Citizen's Advice.

When the kidneys are sick they grumble.

You hear them clear through the back. You feel them clear through the body. They grumble when overtaxed.

Know how the kidneys grumble? It's simple thing; your back will tell you.

Backache is the first grumbling warning.

The kidneys give it and if you heed it not,

Look out for trouble, it will surely come.

Urinary trouble, kidney trouble and many miseries.

Doan's Kidney Pills are made for kidneys only.

They cure every form of kidney ill.

The experience of East Liverpool people proves this.

Here's a case in point:

Mrs. Wm. James, who lives at 283

Third street, says: "I was troubled off and on for eight years with a weakness of the back and kidneys, a dull, aching pain across my loins, up under my shoulder blades, and rheumatic pain in my right shoulder. I was very susceptible to changes in the weather, and was so bad at times that I could scarcely stand and support my own weight. The trouble affected my nervous system, causing frequent fluttering of the heart and a shortness of breath. I generally resorted to porous plasters, but the relief was only temporary. I got Doan's Kidney Pills at the W. & W. Pharmacy, and obtained relief almost at once. The symptoms all left, and there was nothing wrong with my kidneys after the treatment. I felt much better and stronger generally."

Doan's Kidney Pills are for sale by all dealers. Prices 50 cents per box. By mail on receipt of price by Foster-Milburn Co., Buffalo, N. Y., sole agents for United States. Remember the name, Doan's and take no other.

KILLED BY A DERRICK

Death of a Driller at Smith's Ferry Last Night.

HE WAS ONLY A BOY

Came There With His Father From the Oil Country, and Was Hard at Work When a Portion of the Frame Work Above Him Came Down.

One of the saddest deaths known in this section occurred in a humble home a short distance from Smith's Ferry at 11 o'clock last night.

Last Monday Fred Ralph, the eldest son of Mr. Ralph of the oil drilling firm of Ralph & Duncan, was seriously injured by a portion of a derrick falling on him while he was at work with his father about two miles from his home. When young Ralph was struck he was rendered unconscious and remained so until early Tuesday morning. He was removed to his home, which is on the outskirts of Smith's Ferry district. Doctors Ikert and Calhoun of this city were called, and, although, they did all that was possible to save his life, he died last night at 11 o'clock. When the physicians first saw him they made a careful examination of his injuries, and although they were found to be of a serious nature they had a slight hope of saving the young man's life. He had received bad cuts about the head and neck, but internal injuries were the main cause of his death.

Ralph was 17 years old and was an unusually bright boy. He had been working with his father for several years and was noted for his industry. The arrangements for the funeral have not all been completed as yet, but it is probable the body will be taken to a place in Franklin county, Pennsylvania, for burial. His death caused the deepest sympathy to be expressed in the town in which he lived.

IN A HOSPITAL

Harry Hughes, Now a Regular, Is Very Ill.

Harry Hughes, at one time an employee of the Bridgewater Gas company, is very ill in a New York hospital, and his recovery is doubtful.

Hughes enlisted in the regular army, and has served through the Cuban trouble with honors. A sister living in New York recently heard of his presence in that place and visited him. She wrote to his wife, who lives in Walnut street, which was the first news she had heard of his illness. If he recovers it is probable he will visit this city.

MISINFORMATION.

Much of It Published Regarding the Trust.

Yesterday three advance agents of the big pottery trust, to include all the general ware potteries in the United States, audited the books of the East Liverpool concerns which are under option.—Steubenville Herald.

The above is a sample of the information (?) published in neighboring towns. The idea of three men examining the books of Liverpool's potteries in a day is preposterous, the truth being that two expert accountants consumed a month in going over those books.

ANOTHER FIGHT.

Sports Say It Will Be For Blood This Time.

It is stated with authority that another fight between Peter Traynor and Billie Greggins will soon take place.

Since their recent fight on the island, there has been a little feeling between the men, and it is proposed to settle their difficulty in the ring without delay. The date and battle ground have not been selected as yet, but will be arranged, it is thought, this week.

COMING TOMORROW.

Mr. Platts Is Ready to Take Charge of the Association.

Mr. Platts, from New York state, who took the position of secretary of the Young Men's Christian association in this city, is expected here tomorrow. He will commence his work as secretary Saturday morning.

Southern Trade Good.

W. E. Gravers, southern representative of the Harker Pottery company, with offices in Birmingham, who was in the city this week, left for the south yesterday. He stated that trade in the south was increasing and the prospects for the future were exceedingly bright, and a large winter trade was expected.

have any trouble with their teeth? Battle Ax is a sound chew:—sound in all its qualities—and men of sound judgment chew it in preference to any other tobacco.

It is more good tobacco for the money than you can get in any other way.

Bradley, who has been an inmate of the home for five years, came up behind him and shot at him five times, one ball taking effect under the right shoulder blade, one above the right hip and one through the right arm.

The surgeons think the wounds are not fatal. There is no external bleeding, but fears of internal injury are entertained. At times Bradley has acted strangely and it was supposed he was mentally unsound. Bradley was arrested.

At New York—

KILLED BY A DERRICK

Death of a Driller at Smith's Ferry Last Night.

HE WAS ONLY A BOY

Came There With His Father From the Oil Country, and Was Hard at Work When a Portion of the Frame Work Above Him Came Down.

One of the saddest deaths known in this section occurred in a humble home a short distance from Smith's Ferry at 11 o'clock last night.

Last Monday Fred Ralph, the eldest son of Mr. Ralph of the oil drilling firm of Ralph & Duncan, was seriously injured by a portion of a derrick falling on him while he was at work with his father about two miles from his home. When young Ralph was struck he was rendered unconscious and remained so until early Tuesday morning. He was removed to his home, which is on the outskirts of Smith's Ferry district. Doctors Ikert and Calhoun of this city were called, and, although, they did all that was possible to save his life, he died last night at 11 o'clock.

When the physicians first saw him they made a careful examination of his injuries, and although they were found to be of a serious nature they had a slight hope of saving the young man's life. He had received bad cuts about the head and neck, but internal injuries were the main cause of his death.

Ralph was 17 years old and was an unusually bright boy. He had been working with his father for several years and was noted for his industry. The arrangements for the funeral have not all been completed as yet, but it is probable the body will be taken to a place in Franklin county, Pennsylvania, for burial. His death caused the deepest sympathy to be expressed in the town in which he lived.

IN A HOSPITAL.

Harry Hughes, Now a Regular, Is Very Ill.

Harry Hughes, at one time an employee of the Bridgewater Gas company, is very ill in a New York hospital, and his recovery is doubtful.

Hughes enlisted in the regular army, and has served through the Cuban trouble with honors. A sister living in New York recently heard of his presence in that place and visited him. She wrote to his wife, who lives in Walnut street, which was the first news she had heard of his illness. If he recovers it is probable he will visit this city.

MISINFORMATION.

Much of It Published Regarding the Trust.

Yesterday three advance agents of the big pottery trust, to include all the general ware potteries in the United States, audited the books of the East Liverpool concerns which are under option.—Steubenville Herald.

The above is a sample of the information (?) published in neighboring towns. The idea of three men examining the books of Liverpool's potteries in a day is preposterous, the truth being that two expert accountants consumed a month in going over those books.

ANOTHER FIGHT.

Sports Say It Will Be for Blood This Time.

It is stated with authority that another fight between Peter Traynor and Billie Greggins will soon take place.

Since their recent fight on the island, there has been a little feeling between the men, and it is proposed to settle their difficulty in the ring without delay. The date and battle ground have not been selected as yet, but will be arranged, it is thought, this week.

COMING TOMORROW.

Mr. Platts Is Ready to Take Charge of the Association.

Mr. Platts, from New York state, who took the position of secretary of the Young Men's Christian association in this city, is expected here tomorrow. He will commence his work as secretary Saturday morning.

Southern Trade Good.

W. E. Gravers, southern representative of the Harker Pottery company, with offices in Birmingham, who was in the city this week, left for the south yesterday. He stated that trade in the south was increasing and the prospects for the future were exceedingly bright, and a large winter trade was expected.

Coroner's Verdict Rendered In the Mine Horror That Occurred Near Brownsville, Pa.

BROWNSVILLE, Pa., Sept. 29.—The verdict rendered on the mine disaster last night was as follows:

D., pastor of the Church of Christ of St. Louis, Mich., was here yesterday and went to Jeffersonville, where a gospel ship, the largest ever constructed, is to be built. Did you ever notice how few men who chew

have any trouble with their teeth? BattleAx is a sound chew:—sound in all its qualities—and men of sound judgment chew it in preference to any other tobacco.

It is more good tobacco for the money than you can get in any other way.

CAMP MEADE, MIDDLETOWN, Pa., Sept. 29.—The sixty fourth anniversary of Major General Graham's birth was yesterday, and it also marked his retirement from the United States regular service as a brigadier general. In his response General Graham stated that he expected the corps will soon be on the move to Cuba.

TWO CENTS

PRAIRIE FIRES RAGE.

Thousands of Acres Burned Over In Colorado.

TONS OF HAY WERE DESTROYED.

Town of Corona Would Likely Have Been Destroyed but For Prompt Work. Thousands of Cattle Threatened—Mining Camps May Be Destroyed.

DENVER, Sept. 29.—A prairie fire, probably started by a spark from a locomotive, has burned over thousands of acres of grazing lands between Kiowa and Bijou creeks, in Morgan county, and destroyed thousands of tons of hay. Ranchman W. C. Miller and his wife and child had a narrow escape from being burned to death. The woman and the child were badly burned.

Had it not been for the prompt work of the railroad men and others at Corona, the town would have been entirely destroyed. Thousands of head of cattle are threatened with destruction by the forest fires.

Dispatches from various points in the forest fire belt indicate that the fires are spreading and that unless something is done to check their further progress the loss will be almost beyond computation. As it is now, some mining camps were threatened with destruction and many ranches may be doomed.

At Redcliff the fires are within ten miles of the town and citizens are organizing to fight their advance. A dispatch states that it is feared that the little mining settlement at Holy Cross, near Redcliff, has been destroyed.

AMERICANS RECEIVED.

Members of Peace Commission Welcomed by Delcassee—Breakfast For Them and Spanish Today.

PARIS, Sept. 29.—The American peace commissioners yesterday afternoon assisted at their first formal function in France—their reception by the minister of foreign affairs, M. Delcassee. Through M. Vignaud, who acted as interpreter, M. Delcassee assured the commissioners of the great pleasure experienced by France in the part she has taken in effecting a suspension of hostilities between Spain and the United States.

Judge Day said the United States appreciates the good offices of France and, after M. Delcassee had expressed his pleasures at such recognition of the disinterested action of France, the interview ended and the Americans retired.

The minister of foreign affairs about noon today gave a breakfast at the foreign office to the United States and Spanish commissions. The session of the United States commission yesterday did not result in anything being given out for publication.

AWAITING INSTRUCTIONS.

The Philippine Delegate Made No Arrangements to Call at White House.

WASHINGTON, Sept. 29.—The Philippine delegate, Angoncillo, and his secretary and interpreter, M. Lopez, took no steps in the early part of yesterday toward the execution of the mission on which they came to Washington. Angoncillo said through his interpreter that he had cabled to the home government, asking authority to solicit an interview with the president and requesting full instructions.

Colonel Bryan Was Better.

WASHINGTON, Sept. 29.—Colonel William J. Bryan, although still confined to the home of his friend, C. T. Bride, was able to sit up a short time yesterday. He hoped to be able to be out in two or three days.

Two Ohio Privates Died.

KNOXVILLE, Sept. 29.—Privates Chas. E. Ausmond, Company M, and Joe Goodfrie, Company C, Second Ohio, died in the division hospital at Camp Poland yesterday. They were suffering with typhoid fever.

MONUMENTS DEDICATED.

West Virginians Honored the Memory of Their Dead In Gettysburg Field.

Atkinson and Others There.

GETTYSBURG, Pa., Sept. 29.—Four monuments to West Virginia soldiers were dedicated on Gettysburg battlefield yesterday. They are in memory of the Seventh West Virginia, on East Cemetery hill; Battery C First artillery, in the National cemetery; First Cavalry, on the Taneytown road, and the Second cavalry, on Buford avenue. Governor Atkinson of West Virginia was accompanied by his staff, Generals Davis and Curtin, Colonels Horkheimer, Hewitt and Crook and Lieutenant Colonel Simms. With Governor Hastings of Pennsylvania were Colonel Sweeney and Lieutenant Colonels Trexler and Davis.

The governors, with their staffs, and the veterans, were escorted by the Second West Virginia volunteers, under Colonel D. T. E. Casteel, who were

camped on Seminary ridge. In the procession were three battle flags which were carried by the different West Virginia commands during the war. The dedicatory exercises were held at the Seventh West Virginia monument. Prof. J. C. Miller of Morgantown, W. Va., was master of ceremonies. Governor Atkinson made a brilliant address in which he spoke in high terms of the valor of the boys of '61 as well as of the patriotism of the present volunteers. Addresses were also made by General J. W. M. Appleton, Major Isaac Brown, Colonel John C. Kelly of the Seventh West Virginia, and Governor Hastings, who received the monuments in behalf of the battlefield commission.

ST. ANDREW BROTHERHOOD.

Convention of Protestant Episcopal Men Opened In Baltimore—Quiet Hour Exercises.

BALTIMORE, Sept. 29.—The thirteenth annual convention of the Brotherhood of St. Andrew opened with a meeting of the national council yesterday. This was merely a preliminary session to arrange business that will come before the convention proper, which convened in Music hall today.

In the afternoon the quiet hour exercises were conducted in old St. Paul's church by the Rev. Algernon S. Cropsey, rector of St. Andrew's church, Rochester, N. Y. "The Heavenly Vision" was the subject of Mr. Cropsey's remarks.

Last night an informal reception lasting from 8 to 10 p. m. was held in Music hall to enable the delegates to become better acquainted.

CROKER WILL FIGHT IT.

Credentials Committee Decision Would Put Hill In Power—Danforth a Strong Candidate at Syracuse.

SYRACUSE, Sept. 29.—The chaotic condition of the delegations to the state Democratic convention was accentuated by a contest precipitated by the action of the committee on credentials in confirming the sitting delegations in the three districts of Erie and seating the contesting delegates in the First and Third of Monroe. This action, if approved, would probably give control of the next state committee to ex-Senator Hill, and at midnight last night it was alleged that Mr. Croker and Tammany would fight the adoption of the report on the floor of the convention today.

It was also asserted that the Tammany delegates, finding the upstate sentiment strongly against Van Wyck, have thought of taking up Judge D. Cady Herrick of Albany as their candidate, to prevent ex-Senator Hill nominating Mr. Stanchfield and to combat any idea that Hill has defeated Croker. At midnight it was generally conceded that Mr. Danforth will go into the convention with more votes than any other candidate, but not enough to nominate. The Stanchfield boom has grown rapidly.

CRANE FOR GOVERNOR.

Nomination Made by New Jersey Democrats—Action on Chicago Platform.

TRENTON, Sept. 29.—The Democratic state convention yesterday nominated for governor of New Jersey Elvin W. Crane, the prosecutor of Essex county, and adopted a platform which in a measure supports the Democratic national platform. The convention, however, without debate defeated a proposition to specifically endorse the platform adopted by the Chicago convention of 1896.

A delegation of colored men called to pledge support to the convention's nominee.

ONE DEATH AT WIKOFF.

A Number of Sick Carried to Providence Hospitals.

NEW YORK, Sept. 29.—The hospital ship Lewiston yesterday took 90 sick men from Camp Wikoff, to Providence, to be distributed among the various hospitals in that city. She also transported 40 members of the Second and Ninth Massachusetts volunteers. All had been sick, but have recovered and went home on leaves of absence.

There were 225 men in the general hospital yesterday and one death was reported. Harry Weldon of Company K, Second infantry, died from typhoid.

THREE DEATHS OCCURRED.

General Lawton Reported That Many and 1,128 Sick About Santiago.

WASHINGTON, Sept. 29.—General Lawton's report, made to the war department last night, indicated no material change in the health conditions of the American troops at Santiago. Three deaths occurred Tuesday and 1,128 men were reported sick.

FIGHT IN A STREET.

Between Strikers and Imported Negroes at Pana, Ills.

SEVERAL HUNDRED SHOTS FIRED.

Negroes Driven to Their Stockades, Carrying With Them, It Is Believed, a Number of Their Wounded Comrades. One Reported to Have Died.

PANA, Ills., Sept. 29.—Striking union coal miners and imported negroes engaged in a pitched battle in the main street of this city last night. Several hundred shots were exchanged.

No one was wounded in the ranks of the union men. The negroes were driven from the city to their stockades, carrying with them, it is believed, a number of wounded comrades. One of the negroes is reported to have died soon after reaching the stockade. Desultory firing continued in the vicinity of the stockades.

Governor Tanner, it is said, will be asked to send militia to protect property in this city and to remove the negroes.

ALGER GRATIFIED.

Back in Washington and Said the Condition of Camps Was Fairly Satisfactory.

WASHINGTON, Sept. 29.—Secretary Alger has returned to Washington. He came to the war department yesterday morning.

Later, he made a verbal report to the president on the inspection of the army camps which he has just concluded.

On leaving the White House, Secretary Alger said he was much gratified with the conditions of the camps generally. He was gratified especially to find the men in the hospitals steadily improving and that there were so many convalescents, where the odds against them from their maladies had been great. Most of the men in the hospitals, he said, were in good spirits, cheerful and happy and brightly looking forward to the time when they would be well again.

In a general way the camps were kept satisfactorily, but there were, he conceded, points which might have been improved upon, citing particularly the unsatisfactory condition of the sinks at some places.

"The main trouble I found," said Secretary Alger, "was the lack of care the troops took of themselves. This was one of the great difficulties encountered. Tents outside the camps conducted by private enterprise proved too tempting for the soldiers and the results of improper and injudicious eating soon manifested themselves in the general condition of the men. These were things which sometimes could not be helped, and where there was a most rigid discipline along these lines the improved state of affairs was evident."

The secretary said the reforms or changes which might result from his inspection would be discussed later.

Secretary Alger says the report of a scene in General Breckinridge's headquarters at Lexington when he was inspecting that camp is absolutely without foundation. Secretary Alger and Generals Ludington and Sternberg each have letters from General Wiley, who was reported as having made accusations against them, expressing his regret that any such report was circulated.

DEWEY SENT A REPORT.

It Is Intended For the Information of the American Commissioners.

WASHINGTON, Sept. 29.—Along with the report of General Merritt, which is to be made public in a few days, and appendices on the land battles at Manila, General Greene brought to Washington the report of Admiral Dewey, which is to be sent to Paris for the information of the American peace commissioners, on the political importance of the islands, character of the people and other matters that may properly be regarded as having a bearing upon the disposition of the islands.

Secretary Long, to whom the report was delivered by Assistant Secretary Allen when he came to the department yesterday, said that no one but the president could assume the responsibility of making it public.

DEATH OF BAYARD.

Accumbed After Illness of About Six Weeks—Had a Remarkably Noble Career.

DEDHAM, Mass., Sept. 29.—Thomas F. Bayard died about 4:30 o'clock yesterday afternoon at Karlstein, the summer residence of his daughter, Mrs. Samuel D. Warren, after an illness of six weeks. His death was without pain.

His wife, his two daughters—Mrs. Warren and Miss Florence Bayard—and his son, Thomas F., Jr., saw him draw his last breath, and his third daughter, the Countess Laurenhaupt, was on her way to Dedham.

Mr. Bayard had arterio-sclerosis and a general breaking down incident to age.

Thomas Francis Bayard was born in Wilmington, Del., Oct. 29, 1828, and was a younger son. In his 13th year he entered school at Clifton, L. I. Here he remained two years. Later he entered the business of a relative by marriage as clerk.

In 1848 his elder brother died, whereupon, at the request of his parents, he returned to Wilmington, where he studied law. He was admitted to the bar in 1851 and began practice with his father, and was successful from the beginning, his local fame spreading rapidly. In 1853 he was appointed United States district attorney for Delaware, but resigned in the

falling year. In 1855 Mr. Bayard removed to Philadelphia, where he formed a legal partnership with William Shippen. When his partner died, about five years afterward, he returned to Wilmington.

With the first mutterings of war of the rebellion the people of Wilmington set about establishing means of self protection. A militia company was organized and Thomas F. Bayard was elected its first lieutenant. In June, 1861, the famous peace meeting of citizens was held at Dover, and Lieutenant Bayard was one of the principal speakers. He denounced the war.

In 1863 he was elected to succeed his father in the United States senate and was subsequently twice re-elected. On the day he was elected to the senate for the full term his father (who had resigned) was also re-elected a senator from Delaware to serve for the unexpired part of his original term.

Almost at the outset of his senatorial career Mr. Bayard took a leading position on the Democratic side.

Senator Bayard took an active part in the discussions concerning the presidential election of 1876 and was an active advocate and subsequently a member of the electoral commission.

In October, 1856, Senator Bayard was married to Louisa, daughter of Josiah Lee, a Baltimore banker. Twelve children were the result of the union.

In the Democratic national convention in 1880 the vote for him for the presidential nomination was next to that of Hancock on the first ballot, the latter being nominated on the second.

In the Democratic convention of 1884, at which Cleveland was nominated, Mr. Bayard received the next largest vote to the successful candidate on the two ballots that were taken.

He was secretary of state in Cleveland's first presidential cabinet.

At the close of Mr. Cleveland's administration Mr. Bayard returned to private life and his legal profession.

In March, 1885, Mr. Bayard was appointed ambassador to the court of St. James and served during Mr. Cleveland's second term.

Mr. Bayard's first wife died during the first year of his term as secretary of state. Four years later he was married to Miss Mary W. Clymer of Washington, who survives him. Seven of the children are living.

TO ISOLATE THEM.

Members of the Two Hundred and Third New York Expected to Go to a New Camp Today From Camp Meade.

CAMP MEADE, MIDDLETOWN, Pa., Sept. 29.—The Two Hundred and Third New York is expected to leave today for its new camp in Conewago hills. The regiment will travel by rail and will be isolated from the other troops until all danger of infecting them with typhoid fever has disappeared. Unless the fever abates in the Fifteenth Minnesota it will also be isolated. There is comparatively little sickness in any of the other regiments.

Private Stanton Williams, Company D, Fourth Missouri, died yesterday at the Second division hospital of peritonitis. Major Jackson of Kansas City returned yesterday from sick leave and assumed charge of this hospital. He relieved Major Weaver of Norristown, who has been appointed chief surgeon of the division. The hospital was placed in splendid condition under the management of Major Weaver.

Masonic services were held yesterday in the Midletown Methodist church over the remains of Private Benjamin De Lauryer, Company M, Tenth Ohio, who was struck by lightning and killed Monday evening, while guarding the tent of a military tailor. His body was shipped to Cleveland last evening under an escort of a detail from the regiment.

Three Reported Killed.

SEATTLE, Wash., Sept. 29.—News reached here last night of an explosion of a wagon load of dynamite near New Whatcom. Two men and one boy are reported killed. Several other persons are injured.

Wool Exchange Closed.

NEW YORK, Sept. 29.—No business was transacted on the floor of the wool exchange yesterday. The doors were not opened, as it had been decided by the directors to suspend operations temporarily.

YET AFTER THE TRUST.

Standard's Books to Be Examined In New York.

MONNETT IS TO GO THERE.

The State Attorney General and Attorney Allan T. Brinsmade Expected to Start Today—Alleged That Company Had Disregarded Injunction.

CLEVELAND, Sept. 29.—State Attorney General Monnett, accompanied by Attorney Allan T. Brinsmade of this city, are expected to start for New York today to take testimony in the Standard Oil trust investigation.

Some time ago the supreme court handed down a decision forbidding the Standard Oil company from doing business as a trust.

It is said the company has disregarded the injunction of the court, and Messrs. Monnett and Brinsmade, as master commissioners on the suits brought by the attorney general, will go to New York to investigate the books of the Standard for the purpose of showing that the company is still doing business as a trust.

OHIO BANKERS.

The State Convention Opened at Akron. Addresses Made.

AKRON, Sept. 29.—There was a large attendance at the opening of the sixth annual convention of the Ohio Bankers' association, which opened here yesterday. Dr. Ira Priest, president of Buchtel college, opened the meeting with prayer, and Mayor Young delivered an address of welcome. Hon. J. J. Sullivan, cashier of the Central National bank of Cleveland, responded.

G. P. Griffith, vice president of the Citizens' National bank of Cincinnati, president of the association, followed with

ALL RIVERMEN PUZZLED

Concerning the Rise Which Came Last Night.

THOUGHT IT WOULD LAST

But It Was Caused by the Raising of the Needles at the Davis Island Dam and Lowering the Water in the Pittsburgh Harbor—No Packets Yet.

Rivermen are acknowledging that once again the river has puzzled them, and they have been the victims of someone's arrangements.

Word reached the city yesterday that water was coming down and in all probability there would be a packet stage. Last night the river rose a foot or more, and this morning there were smiles on the river front. They faded, however, when the facts became known.

Of it a Pittsburg paper says: "Whence it came was a mystery. Some said it was caused from the heavy rains at headwaters on Saturday. The real reason was that Major Charles F. Powell ordered the removal of the needles from Davis Island dam, so that some repairs could be made at lock No. 1. This of course caused the rise, which amounted to one foot before the needles were replaced. At Davis Island dam last night the height was two feet and falling."

All the floats about the river front have been repaired, and a substantial rise is awaited with impatience. River men will be ready for it when it comes. Packets have not been making regular trips for six weeks.

SERIOUS TROUBLES

Confront the Trustees of Bethany College.

Serious conditions confront Bethany college, one of the oldest institutions in West Virginia. If its failure results the cause will be with the state, which has thus far failed to pay over to the trustees money which was promised two years ago. The board of trustees of the college will meet in Pittsburg next Friday evening, and it hopes by some fine financing to solve the difficulty and locate a way out of the trouble. Two years ago the state promised Bethany college \$20,000, \$10,000 of which was paid last year. The second half is now due, but it has been refused, on account of the state's fear that certain mortgages will prove useless to West Virginia. The college is in a very bad condition, but its friends think it may yet arrange a way to come out even.

Another matter that will be considered by the trustees tomorrow is that of the selection of a president. This place was vacated recently by Dr. B. C. Hagerman. It is thought his successor will be Doctor Young, of Ann Arbor Divinity college. The school opened for the term last Monday, with 75 students increase over last year's number. A large number of Liverpool boys received their education at Bethany, and are deeply interested in the institution.

PRISON SUNDAY.

Secretary Byers Wants Ministers to Preach Appropriate Sermons.

Secretary Byers, of the state board of charities, is sending out notices to all of the ministers of the state calling attention to the fact that Sunday, Oct. 23, is regarded as prison Sunday. Along with these notices are instructive pamphlets, containing something about crime in the state of Ohio and other states.

The prison Sunday is given up by many of the different ministers of the state to discussion of the reformation of criminals. It seems by the facts stated in the pamphlet that the reformatory legislation in Ohio has kept abreast and possibly in advance of any other American state.

AFTER TORONTO.

Rugby Boys Would Play Them a Game of Football.

The Rugby football team is endeavoring to arrange a game with the Toronto club.

The local team will present a strong lineup, and there is but little doubt that they will play a better game this year than ever before. With an enclosed ground the team should make money. Manager Rark is endeavoring to secure a strong attraction for Thanksgiving day.

POWER IN OUR POWDER.

A Shot From a 13 Inch Rifle Sufficient to Lift a Battleship Eight Feet.

"Velocity and pressure," explained the powder mill superintendent, "are the two main requisites in proving powder. The government is very specific in its contracts. It demands that when fired under service conditions in the gun for which it is intended powder must give to the projectile a muzzle velocity of at least a certain number of feet per second without producing a pressure of more than a certain number of tons to the square inch. For modern guns the velocity required varies from 2,000 to 2,300 feet in a second, and the pressure is not allowed to exceed 15 tons to the square inch. In some of our guns of the present day the amount of energy stored up in the powder charge is so tremendous as to be almost incredible. The limit of energy upon the projectile cannot be estimated, so vast are the possibilities.

"For example, I may cite the Oregon's 13 inch rifles. Five hundred and fifty pounds of powder in these guns impart to an 1,100 pound shot a velocity of 2,100 feet per second, and the energy of the projectile is nearly 34,000 foot tons. This power is sufficient to lift such a vessel as the Oregon eight feet out of the water.

"Those screens between the cannon and the breastworks are electric chronographs 100 feet apart from each other and the cannon, and they register the time of the projectile's flight with absolute accuracy."

"And absolute accuracy is—what?"

"The millionth part of a second."—San Francisco Call.

THE last news from Manila is encouraging. Germany is endeavoring to shift the responsibility for its meanness on the poor natives.

THERE are a great many reasons why Hon. R. W. Taylor should be returned to congress, but the principal one is found in the fact that he is Republican from start to finish, first, last and all the time.

THE yellow newspapers who were so anxious a few weeks ago for an investigation of the army, are not now so enthusiastic in their chosen course. For once President McKinley has followed their voice.

THE peace commission has but one duty to perform, and that duty is upholding the dignity and rights of the United States. It is expected to be generous, but not foolish. Uncle Sam has gained a step by fighting. It would be folly to relinquish one inch of ground he now possesses.

WHEN the next congress meets it should be made up of men President McKinley can trust, and that means Republicans. There are so many matters of importance to decide that to cripple the administration at this time would be the worst action the American people could take. Support the President.

THE candidacy of Colonel Dick for congress is exciting attention throughout the country, but there is now no reason to believe that he will be defeated in the convention. In addition to being a soldier he has so long been a good Republican that friends are gathering to his standard from every direction. If any man deserves recognition that man is Charley Dick.

SUPPOSE Major Weybrecht should be elected to congress, and the tariff question would come up, would he represent the Eighteenth district on that matter? Would he vote as the majority of his constituents desire? There is nothing to show that he would. He is opposed to a protective tariff, and would cast his ballot with those Democrats who impoverished the country once, and would do it again if opportunity afforded.

gather in Columbian park for the purpose of doing honor to the members of Company E. The attendance should be large, and every man, woman and child who can lay aside the ordinary duties of the day should be present to swell the crowd and cheer the boys who so nobly upheld the honor of the city, although suffering the hardships of a campaign that has had few equals in history.

The general committee have done well in appointing this day of celebration, and the sub-committees have worked long and hard to make it a success. Nothing has been left undone that would add to the comfort and pleasure of the people on this occasion, and it is probable thousands of patriotic citizens will crowd the park, cheering the boys in blue, and in every way showing their appreciation of the heroes of '98.

NO CAUSE FOR ACTION.

So a Sensational Case Did Not Come to Trial.

The case filed in the court of Squire Hill several days ago against a well known man, for indecent exposure of person, has been dismissed.

Had a Narrow Escape.

JAMES SHARP AGAIN

He Was Arrested For Being Drunk and Disorderly.

MAY TAKE ANOTHER TRIP

Although Mayor Bough Has Not Yet Given Him a Hearing—He Recently Returned From Canton—Some Other Business In Police Court.

James Sharp, a man about 40 years old, who from time to time has secured much notoriety through the newspapers as a result of his actions, was arrested once again last night. He was brought in by Chief Johnson and a charge of being drunk and disorderly was placed against him.

About 9 o'clock Jim had had enough bad whiskey and other liquids aboard, and when he reached Church alley and Market street, he began to declare himself. This is where the trouble commenced. A telephone message was sent to city hall and Chief Johnson responded. The sight of the officer enraged Jim and there was war. He resisted arrest, and for a time matters began to look desperate. The nippers were put on him, but before any other damage was done the officer pressed several men into service, and at noon today Jim was sleeping off his jag on an iron bed.

Mayor Bough had not given him a hearing at a late hour, but it was learned that Jim was trembling with fear, as the workhouse was pictured in his mind. He was released from Canton but a few weeks ago, and for a time was good. It was the first trouble last night he has had since his return.

Last night a prominent young man boarded a car at Wellsville to come to Liverpool, but the request of a motorman compelled him to come to town on foot. When he got on the car he sat in a seat in front of two prominent young ladies. He asked them if they smoked and they moved to another part of the car. The dude followed them and began to poke them in the back, saying that he didn't want to offend them. When the bridge was reached the motorman threw him off the car, and the ladies ended their journey in peace. It is probable the police will be requested to look after him.

No complaints were filed yesterday, and matters are very quiet in the mayor's court.

Frank Lewis was drunk this morning and shortly before noon he was gathered in by Officer Woods. He was put in the patrol and taken to jail, where he was allowed to sleep his troubles off. He worked at the Dresden.

An old man, too drunk to know anything, was captured at the same time by Officer Bryan. He looks to be 50 years old, has a gray beard and gave his name as Harry Jones, from Wellsville. A worse sight than he never put foot in jail. Both men will be given a hearing this evening.

Where Kentucky Language Runs Out

Baron Cassiers, one of the best known Frenchmen of this city, when he first came here made a trip to Lexington on behalf of a friend of his in Paris who asked him to secure a very fine horse. While in Lexington he was treated most hospitably. Although he did not speak the very best of English, he found himself getting along very handsomely with the Kentuckians. On the afternoon of the first day he inquired of one of his entertainers, "Should I desire to invite the gentleman to drink, how should I say it?"

The enthusiastic Bourbonite replied, "Will you do me the honor, sir, to drink with me, sir?"

"It is very good," replied the baron, "but if the gentleman asked me to drink what should I say?"

"The plan here is to slap him on the back, sir, and say, 'It gives me great pleasure, sir, to drink with you.'"

"It is very good," replied the baron, "but if I am satisfied and don't want to drink any more and wish to decline an offer to drink, what should I say?"

"You are a — fool," replied the astounded Kentuckian. "There is no expression in the English language to cover that idea."—Cincinnati Enquirer.

Saved Life and Name.

The French author Martainville, who began his career toward the close of the last century, is said to have owed the preservation of his life to a witty piece of audacity. He was a royalist and did not hesitate to attack the French revolution and its authorities. Presently, of course, he was summoned to appear before the revolutionary tribunal. The revolutionary tribunals at that time did not hesitate to send everybody to the guillotine who had ventured to attack them.

Martainville expected to go with the rest of the victims. "What is your name?" asked the judge. "Martainville," said the young author. "Martainville!" exclaimed the judge. "You are deceiving us and trying to hide your rank. You are an aristocrat, and your name is De Martainville." "Citizen president," exclaimed the young man, "I am here to be shortened, not to be lengthened! Leave me my name!" A true Frenchman loves a witticism above all things, and the tribunal was so pleased by Martainville's grim response that it spared his life.

Queer Medicines.

The peasant pharmacopoeia of France is wonderful—most wonderful. Wine is an ingredient of every prescription. In fever cases it is always the predominant one. The French peasant's faith in fermented grape juice is truly beautiful. If his children are stricken with the measles, he gives them beakers of wine, well sweetened with honey and highly spiced with pepper. For a severe cold he administers a quart of red wine and a melted tallow candle mixed. For scarlet or brain fever he gives eggs, white wine and soot well beaten together. Not all their superstitions are curious. Some are pathetic. A mother, for instance, often buries her dead child with its favorite toy or her own beautiful hair in the coffin, "that it may not feel quite alone."

The enthusiastic Bourbonite replied, "Will you do me the honor, sir, to drink with me, sir?"

"It is very good," replied the baron, "but if the gentleman asked me to drink what should I say?"

"The plan here is to slap him on the back, sir, and say, 'It gives me great pleasure, sir, to drink with you.'"

"It is very good," replied the baron, "but if I am satisfied and don't want to drink any more and wish to decline an offer to drink, what should I say?"

"You are a — fool," replied the astounded Kentuckian. "There is no expression in the English language to cover that idea."—Cincinnati Enquirer.

IN THE EAST END

The Laughlin Pottery Company
Will Build
A SPLENDID NEW PLANT

A Tract of Land Has Been Purchased From the Puritan Company, and Rumor Says the Factory Will Be Erected In the Near Future--Five Kilns or More, So the Story Says, Will Be Its Size.

It is stated upon reliable authority that a large white ware pottery will soon be erected in East End.

Recently the Laughlin China company purchased several acres of ground from the Puritan Land company, and it is their intention to erect a modern pottery of not less than five kilns for the manufacture of fine china.

Plans are now being made for the plant, and just as soon as the transfer of the land and all preliminary details can be arranged work will be commenced. It is expected that work upon the foundation will be started within the next 10 days, and, if possible, the pottery will be completed and in operation before the first of the year.

The pottery will have all modern improvements, and when completed will be one of the finest in the city and will add greatly to the business interests of East End.

WORKING A SCHEME

To Make Big Cleveland and Pittsburgh Profits.

Recently there was a car famine at Ashtabula, and no one could explain it.

Now it appears that stockholders of the Pittsburgh, Youngstown & Ashtabula road, who are stockholders in the Cleveland and Pittsburgh road, which runs out of Cleveland, are partial to the latter road, and their influence is used to make what business they can on that road, and cars are sent there. Why this is done is said to be on account of a larger share of profits from the Cleveland and Pittsburgh. The Pittsburgh, Youngstown & Ashtabula roadbed is understood to be only leased by the Pennsylvania company, and the officials have not yet succeeded in forcing the owners to sell, which is claimed to be a detriment to the affairs of the company as regards dividends.

The information comes from Ashtabula.

PRONOUNCED SUCCESS

Was the Sixth Annual Benefit of the Elks.

The sixth annual benefit of the Elks given last evening at the Grand was very largely attended, and was one of the most successful ever given by the order.

The attraction was the quaint comedian, Willie Collier, in "The Man From Mexico," and it was one of the best farce comedies ever seen in the city. The company was first-class in every particular, and the audience was kept in continual good humor from the beginning to the end of the performance. After the show an informal reception was held in the Elks' rooms.

An erroneous idea has been prevalent for several days that the Red Cross had charge of the dinner.

GROWING A GRANDMOTHER.

He was a wee little man, only 3 years old, but very brave, courageous and uncomplaining, more courageous and uncomplaining than any one knew, for though he was only a baby he had trials to bear. The family had gone to a new country in the far west, the mamma, this little man, and the sister, a little older. It was a very new country, very different from the city in the east where they had left many friends, relatives and, nearest of all, a dear old grandmother. The mamma was so busy in her new home that she had little time for the babies except to see that they were clean and well fed. So they were lonesome, sometimes, as mamma found out one day in a way that brought the tears to her eyes.

The little 3-year-old had been very busy and very quiet making a big hole in the ground with such earnestness of purpose that she went to see what was being done.

The hole was completed when she reached the spot and in it had been placed something that she took out and examined with wondering curiosity. It was the strangest thing to go into a hole in the ground—an old daguerreotype, a picture of the dear grandmamma at home.

"Why, baby," exclaimed mamma, "what are you doing with this?"

"I fought," said the little man with a quivering lip and all the pent up loneliness and homesickness in his voice. "I fought, maybe, if I planted it annozzer grandma would grow."—New York Times.

PREMATURE.

"You've kissed that young squirt good night and let him go, haven't you, Stella?" said a weary voice at the top of the stairway.

There was an awful silence for a moment, and then in a timid, hesitating voice the young man in the darkened hall below responded:

"No, ma'am, but I—I think she's going to."—Chicago Tribune.

THE SCHOOLS TO CLOSE

But Not Until Early Tomorrow Afternoon.

IN HONOR OF THE SOLDIERS

Teachers Must Put In 180 Days a Year, and There Is No Allowance For Extra Holidays—Will Reach Columbian Park on Time.

The public schools of the city will not be closed throughout all of tomorrow in honor of the celebration for Company E, but the children and teachers who desire to go to the park will reach there in time to see much of the sport.

Early in the year the board passed a resolution placing the number of school days at 180. That provides for regular holidays, but there were no arrangements for specials. Should the whole day be taken the teachers would be called upon to bear the expense. That explanation was given by a prominent member of the board today.

As the program at the park does not begin tomorrow until afternoon it was deemed wise to have the children assemble at the schools, and at an early hour dismiss them. Then the majority can witness the carrying out of the program. The hour for dismissal had not been set this morning.

THE COMMITTEE

Makes Some Announcements for Tomorrow's Celebration.

The press committee for tomorrow's celebration desires to say:

All citizens are urged to provide liberally with their baskets for Company E's dinner. Upon their liberality and promptness depends the success of the day. Without plenty of provision a good table cannot be set.

The people have asked for a reception and entertainment for Company E. It is right and proper. The boys deserve it. Their services entitle them to all the recognition we can give them. The committee will give them an entertainment second to none, but it remains with the people to provide the dinner, and it should be done with our citizens' usual liberality.

Baskets must be on the grounds or at Hassey's store, opposite the First National bank, by 10 o'clock. Each basket should have the name and address of the owner attached.

A committee from the Sons of Veterans will be at Hassey's store to receive baskets for Company E's dinner. The baskets must not be later than 10 o'clock. The dinner depends upon the promptness and liberality of the people.

Each member of Company E is instructed to have his gun on the grounds no later than 11:30.

The judges of the horse races will be W. L. Smith, Will Davidson and Smith Fowler. The program will be put through on time.

LETTERS FROM THE EAST.

Captain Palmer Continues to Enjoy Good Health at Manila.

Letters received from Captain Palmer this week say that he is with his regiment at Manila and continues to enjoy good health.

The Tenth is quartered in the city, and although scattered, there is much to do in the way of guard duty to occupy their time. They have many amusing experiences with the natives.

Recently it was reported that the regiment would soon be ordered home, but now the prospects do not seem so bright although there is no definite information on the subject.

Completed Lincoln Avenue.

The work of repairing Lincoln avenue of the damage caused by the heavy rains of several months ago, was completed yesterday afternoon.

The street is now in the best possible condition and will stand more water than ever before.

To be the mother of many children is ranked among nature's chief blessings but when the cares of the busy housewife are added to the trials of frequent motherhood, it is too great a burden for a woman who is not in prime health and condition. Every woman who is called upon to bear the ordeal of bringing many children into the world needs the support and reinforcement of that wonderful strength-promoting "Favorite Prescription" originated by Dr. R. V. Pierce, chief consulting physician of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and one of the most eminent of living specialists in treating the ailments of women.

Mrs. David H. Langley, of Lansing, Morgan Co., Tenn., in a recent letter to Dr. Pierce writes: "I am now thirty-six years old and have given birth to ten children. Eight only are living. I have twin boys six years old. The same spring after they were born I was confined to my bed all spring and summer with female complaint; had it so badly I could hardly walk around the house without feeling worse. I was restless at night, sleep almost left me, and I was almost a skeleton. I did not call my doctor as I had tried the doctors twice before when I was down with the same trouble, and my husband paid out a great deal for me. I received no lasting benefit; I had almost lost all hope of ever being able to do anything. My husband had to work very hard and I could not even attend to the babies. No one can know the distress of my mind as well as body. Dr. Pierce's Favorite Prescription was the only medicine that seemed to do me any good. After I had taken the first bottle and part of the second, I could sleep well and all my troubles began to get better. I believe I took eight bottles and then I felt like a different person. I gave birth to another baby and my old complaint came back. I began using the 'Favorite Prescription' and was soon relieved and was able to do my work, including the washing."

Mothers would be immensely helped in raising their children strong and healthy by the sound professional advice contained in Dr. Pierce's Common Sense Medical Adviser. This thousand-page book will be sent free for 21 one-cent stamps to pay the cost of mailing only. Address, World's Dispensary Med. Assn., Buffalo, N. Y., or send 31 stamps for a cloth-bound copy.

GREAT GRUMBLERS.

Grumbling Will Cease if East Liverpool People Follow This Citizen's Advice.

When the kidneys are sick they grumble.

You hear them clear through the back. You feel them clear through the body. They grumble when overtaxed.

Know how the kidneys grumble?

It's a simple thing; your back will tell you.

Backache is the first grumbling warning.

The kidneys give it and if you heed it not,

Look out for trouble, it will surely come.

Urinary trouble, kidney trouble and many miseries.

Doan's Kidney Pills are made for kidneys only.

They cure every form of kidney ill.

The experience of East Liverpool people proves this.

Here's a case in point:

Mrs. Wm. James, who lives at 283

Third street, says: "I was troubled off and on for eight years with a weakness of the back and kidneys, a dull, aching pain across my loins, up under my shoulder blades, and rheumatic pain in my right shoulder. I was very susceptible to changes in the weather, and was so bad at times that I could scarcely stand and support my own weight. The trouble affected my nervous system, causing frequent fluttering of the heart and a shortness of breath. I generally resorted to porous plasters, but the relief was only temporary. I got Doan's Kidney Pills at the W. & W. Pharmacy, and obtained relief almost at once. The symptoms all left, and there was nothing wrong with my kidneys after the treatment. I felt much better and stronger generally."

Doan's Kidney Pills are for sale by all dealers. Prices 50 cents per box.

By mail on receipt of price by Foster-Milburn Co., Buffalo, N. Y., sole agents for United States. Remember the name, Doan's and take no other.

UNION LABELS.

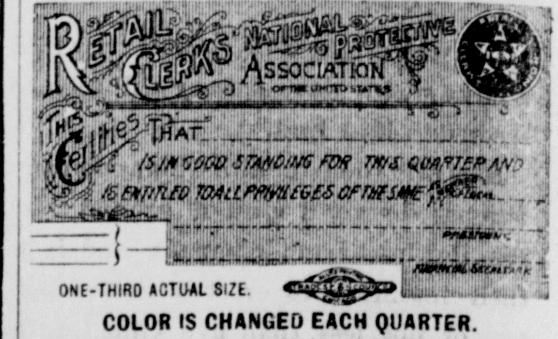

It should be a deep-rooted principle of all union workmen and union sympathizers, and particularly those members of the different organizations of East Liverpool, to buy nothing but Union Label goods, in preference to all others. And why not? If we ask fair wages for our labor, why should we buy goods made at unfair wages by others?

The Union Label in every industry is a guarantee of fair wages, decent working hours, and union labor employed.

KILLED BY A DERRICK

Death of a Driller at Smith's Ferry Last Night.

HE WAS ONLY A BOY

Came There With His Father From the Oil Country, and Was Hard at Work When a Portion of the Frame Work Above Him Came Down.

One of the saddest deaths known in this section occurred in a humble home a short distance from Smith's Ferry at 11 o'clock last night.

Last Monday Fred Ralph, the eldest son of Mr. Ralph of the oil drilling firm of Ralph & Duncan, was seriously injured by a portion of a derrick falling on him while he was at work with his father about two miles from his home. When young Ralph was struck he was rendered unconscious and remained so until early Tuesday morning. He was removed to his home, which is on the outskirts of Smith's Ferry district. Doctors Ikirt and Calhoun of this city were called, and, although, they did all that was possible to save his life, he died last night at 11 o'clock. When the physicians first saw him they made a careful examination of his injuries, and although they were found to be of a serious nature they had a slight hope of saving the young man's life. He had received bad cuts about the head and neck, but internal injuries were the main cause of his death.

Ralph was 17 years old and was an unusually bright boy. He had been working with his father for several years and was noted for his industry. The arrangements for the funeral have not all been completed as yet, but it is probable the body will be taken to a place in Franklin county, Pennsylvania, for burial. His death caused the deepest sympathy to be expressed in the town in which he lived.

IN A HOSPITAL.

Harry Hughes, Now a Regular, Is Very Ill.

Harry Hughes, at one time an employee of the Bridgewater Gas company, is very ill in a New York hospital, and his recovery is doubtful.

Hughes enlisted in the regular army, and has served through the Cuban trouble with honors. A sister living in New York recently heard of his presence in that place and visited him. She wrote to his wife, who lives in Walnut street, which was the first news she had heard of his illness. If he recovers it is probable he will visit this city.

MISINFORMATION.

Much of It Published Regarding the Trust.

Yesterday three advance agents of the big pottery trust, to include all the general ware potteries in the United States, audited the books of the East Liverpool concerns which are under option.—Steubenville Herald.

The above is a sample of the information (?) published in neighboring towns. The idea of three men examining the books of Liverpool's potteries in a day is preposterous, the truth being that two expert accountants consumed a month in going over those books.

ANOTHER FIGHT.

Sports Say It Will Be For Blood This Time.

It is stated with authority that another fight between Peter Traynor and Billie Greggins will soon take place.

Since their recent fight on the island, there has been a little feeling between the men, and it is proposed to settle their difficulty in the ring without delay. The date and battle ground have not been selected as yet, but will be arranged, it is thought, this week.

COMING TOMORROW.

Mr. Platts Is Ready to Take Charge of the Association.

Mr. Platts, from New York state, who took the position of secretary of the Young Men's Christian association in this city, is expected here tomorrow. He will commence his work as secretary Saturday morning.

Southern Trade Good.

He stated that trade in the south was increasing and the prospects for the future were exceedingly bright, and a large winter trade was expected.

The case of J. W. Bennett against James Webber for \$5, claimed due for plowing, was heard yesterday afternoon in the court of Squire Hill. After hearing all the testimony the squire dismissed the case and assessed the costs on the plaintiff.

George Mumford and Miss Annie Wise were united in marriage last evening at the residence of the bride in Broadway. Reverend Campbell, of Calcutta, officiating. The happy couple have many friends in the city, and are very well and favorably known.

The grocery clerks' union will meet Tuesday evening. A few of the grocers are not keeping the 7 o'clock closing law, and the union will adopt radical measures at the next meeting, as the success of their organization depends largely upon having the stores keep the early closing law.

According to the crop reports there are very few apples in the state but quinces are abundant, and there is a good crop of pears. There are occasional reports of rot or mildew on grapes, but generally the crop is large and of good quality. With few exceptions the potato crop is less than the average, but the quality is excellent.
